INTEGRATED NETWORK OF SPECIALIST INDUSTRIAL SOLUTIONS ACROSS SOUTHERN AFRICA

Our Footprint is well established across Southern Africa. We are continuously looking to expand to cater to our customers' requirements, in particular, those in remote geographical locations where our multi-product and services offering maintains our competitiveness.

Please visit www.budindustrial.co.za for more information on our network of operations, office locations and service solutions throughout Southern Africa.

OFFERING BESPOKE INDUSTRIAL RENTAL & SALES SOLUTIONS

Bud Rental Services (BRS) was established through the collaboration of leading industrial brands Concord Cranes, Goscor Access Solutions and Uni-Span Formwork & Scaffolding. As part of the Bud Group, we have the ability to include Bobcat's Earthmoving & Compact Equipment as part of our service offering.

Our mission is to offer bespoke industrial rental and sales solutions that encompass a shared product offering; tailored to meet the requirements of our clientele.

FORMWORK AND SCAFFOLDING SOLUTIONS

Uni-Span is a leading provider of formwork and scaffolding solutions to the Infrastructure, Construction, Heavy Industry, Power Generation, Commercial and Petrochemical industries, in South Africa, Botswana and Ghana.

CONCORD | CRANES

MOBILE CRANE HIRE, RIGGING SERVICES & SPECIALISED TRANSPORT SOLUTIONS

Boasting a fleet of over 170 cranes ranging from 7-750 tonnes, Concord is committed to an impressive service offering of Mobile Crane Hire, Rigging Service, Turnkey Lifting and Specialised Transport Solutions in South Africa, Namibia and other Southern African countries.

ACCESS SOLUTIONS

SPECIALISING IN HIGH REACH SOLUTIONS

Goscor Access Solutions provides temporary aerial access for a range of applications which includes but is not limited to erection and construction; lighting and electro-mechanical installations and most industrial and building maintenance.
